About

I am a software engineering enthusiast with experience in competitive programming and web development.

Skills

1. Competitive Programming

- Solved 2000+ programming problems on data structure, algorithms, mathematics & SQL.
- Earned Expert title on codeforces.

2. Web Technology

- 1+ years of experience in MERN (MongoDB, Express.js, React.js & Node.js) while building some cool websites.
- 1+ year experience in the Django web framework while building a website for hotel booking.

Projects

1. ScholarStream

- This is a web app to search and apply for scholarships around the globe. It includes payment gateway.
- Made with React.js, Express.js, MongoDB. Visit - [source](#), [live](#).

2. JobSphere

- A job hunting website where people can search and apply for their preferred jobs.
- Made with React.js, Express.js, MongoDB. Visit - [source](#), [live](#).

3. Care.in

- A web app for searching and hiring caregivers.
- Made with Next.js and MongoDB. Links - [source](#), [live](#).

4. Tourify

- This app allows users to search for their hotels/residences according to their preferred location, time and room quality and book those.
- Any user can advertise their hotels/ residences and allow those to be booked.
- Made with Django web framework, jQuery and PostgreSQL database. Visit - [source](#).

5. Chat.e

- A web application for chatting with individuals and groups.
- Made with MongoDB, Express.js & React.js. Visit [source](#).

Achievements

1. **SQL - Advanced**
[Certified](#) by HackerRank on August 2023
2. **Problem-solving - Intermediate**
[Certified](#) by HackerRank on August 2023
3. **Web Development - Level I**
Issued by Programming Hero.

Eduaction

1. **Bachelor's in Software Engineering**
Software Engineering (Drop out) | 2017-2021
Shahjalal University of Science & Technology, Sylhet, Bangladesh.
2. **HSc**
Science | 2014- 2016
Notre Dame College, Dhaka, Bangladesh.
