

Md Shoaib Tasrif Emon

Software Developer

About

I am passionate about building cool software and solving algorithmic problems with efficiency. I am good at producing well-structured and reusable code with experience in web development & competitive programming. I have made web apps for tour guide, job search, scholarship search and providing caregiving. I have solved 2000+ programming problems and taken part in a number of online contests.

Projects

1. ScholarStream

- This is a web app to search and apply for scholarships around the globe. Applicants can for their applications through stripe payment gateway.
- Made with React.js, Express.js, MongoDB.
- Visit here github.com/shoaib221/ScholarStream

2. JobSphere

- A job hunting website where people can search and apply for their preferred jobs.
- Made with React.js, Express.js, MongoDB.
- Visit here github.com/shoaib221/JobSphere

3. Tourify

- This app allows users to search for their hotels/residences according to their preferred location, time and room quality and book those. Any user can advertise their hotels/ residences and allow those to be booked.
- I implemented user profiles, authentication, and searching algorithms in this app.

- Made with Django web framework, jQuery and PostgreSQL database.
- Visit here github.com/shoaib221/Tourify

4. Chat.e

- A web application for chatting with individuals and groups.
- Made with MongoDB, Express.js & React.js
- Visit here github.com/shoaib221/Chat.e

Achievements

1. SQL - Advanced

- Issued by HackerRank on August 2023
- Visit here [f3b03516b539](https://www.hackerrank.com/leaderboard/track/5f3b03516b539)

2. Problem-solving - Intermediate

- Issued by HackerRank on August 2023
- Visit here [e6f43492aa83](https://www.hackerrank.com/leaderboard/track/5e6f43492aa83)

Skills

1. Problem Solving

- Solved 2000+ programming problems on data structure, algorithms, mathematics & SQL and reached Expert level on codeforces.

2. Web Technology

- I have 1+ years of experience in MERN (MongoDB, Express.js, React.js & Node.js) while building some cool websites.
- I have 1+ year experience in Django web framework while building a website for hotel booking.
